SAMPLE DOCUMENT - fictional plan written for software demonstration. Not a real insurance contract.

Coverage period: 01/01/2026 - 12/31/2026 Coverage for: Individual + Family

Plan type: PPO

Important questions

What is the overall deductible? \$1,500 individual / \$3,000 family per calendar year.

What is the out-of-pocket limit? \$6,000 individual / \$12,000 family.

Do you need a referral to see a specialist? No.

Common medical events

Primary care visit: \$25 copayment. Specialist visit: \$50 copayment. Emergency room care: 20% coinsurance.

Outpatient surgery, facility fee and physician or surgeon fees: 20% coinsurance after the deductible.

Oral and maxillofacial surgery under this medical plan

This plan covers medically necessary oral and maxillofacial surgery performed by a physician or a dentist, including treatment of fractures of the jaw and facial bones, removal of tumors and cysts of the jaw, and surgical removal of teeth that are partly or completely impacted in the bone of the jaw.

Treatment of accidental injury to sound natural teeth is covered when treatment begins within 12 months of the injury.

Precertification

Precertification is required for outpatient oral surgery performed in a facility and for any hospital admission.

A pre-treatment estimate is recommended for oral surgery so that you know what the plan will pay before treatment.

Excluded services and other covered services

This plan does NOT cover routine dental care, including cleanings, fillings, crowns, bridges, dentures, root canals, routine extractions of erupted teeth and periodontal treatment.

This plan does NOT cover dental implants, orthodontics or cosmetic dental procedures.

Dental services are not covered merely because a medical condition makes dental treatment more complex.

Your rights to continue coverage and to appeal

If you disagree with a benefit decision you may file an appeal within 180 days of the notice.
